

Focal point survey results February 2017

Tim Tregenza

Network Manager

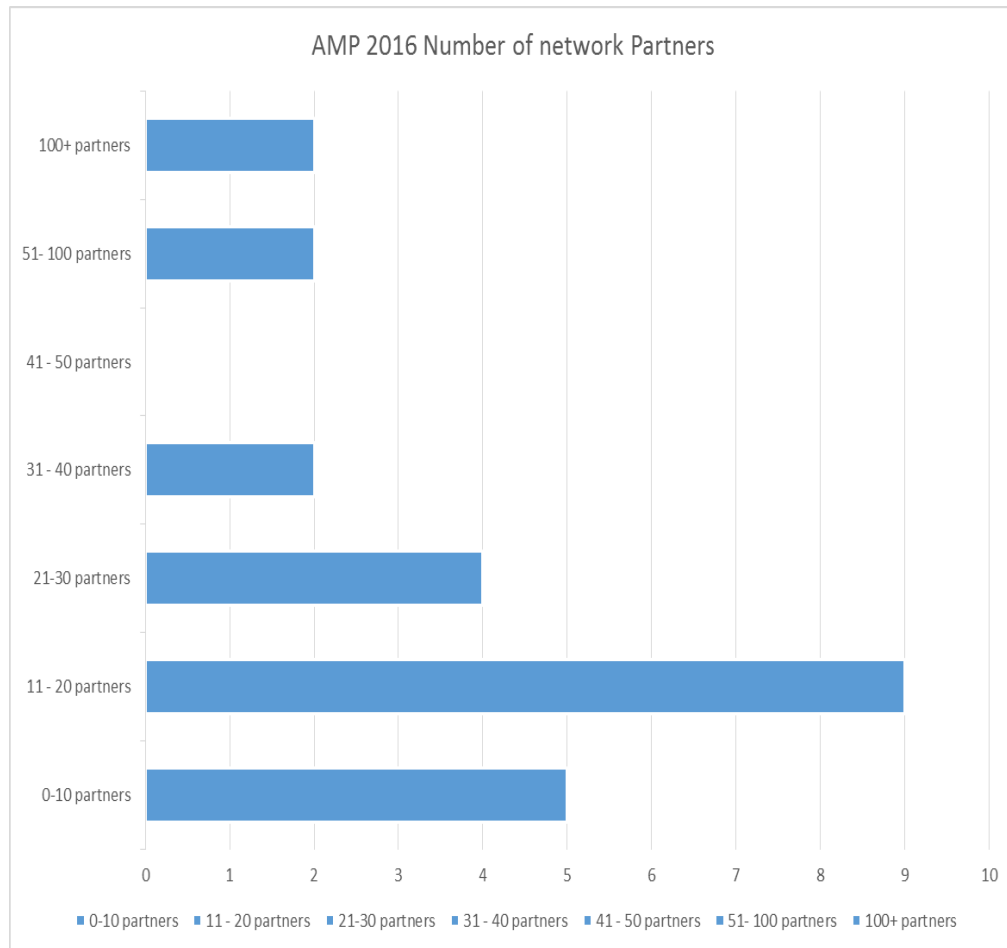

Feedback from AMP 2016 Focal Point Survey

- N=**24** (AMP 2015: 28 responses)
- Total number of network partners = (1 000+)
- Number of States with subnetworks = (11)
- Number of States with national campaign partners = (13)
- Total number of national campaign partners reported = (150)
- Overall, findings consistent with previous year

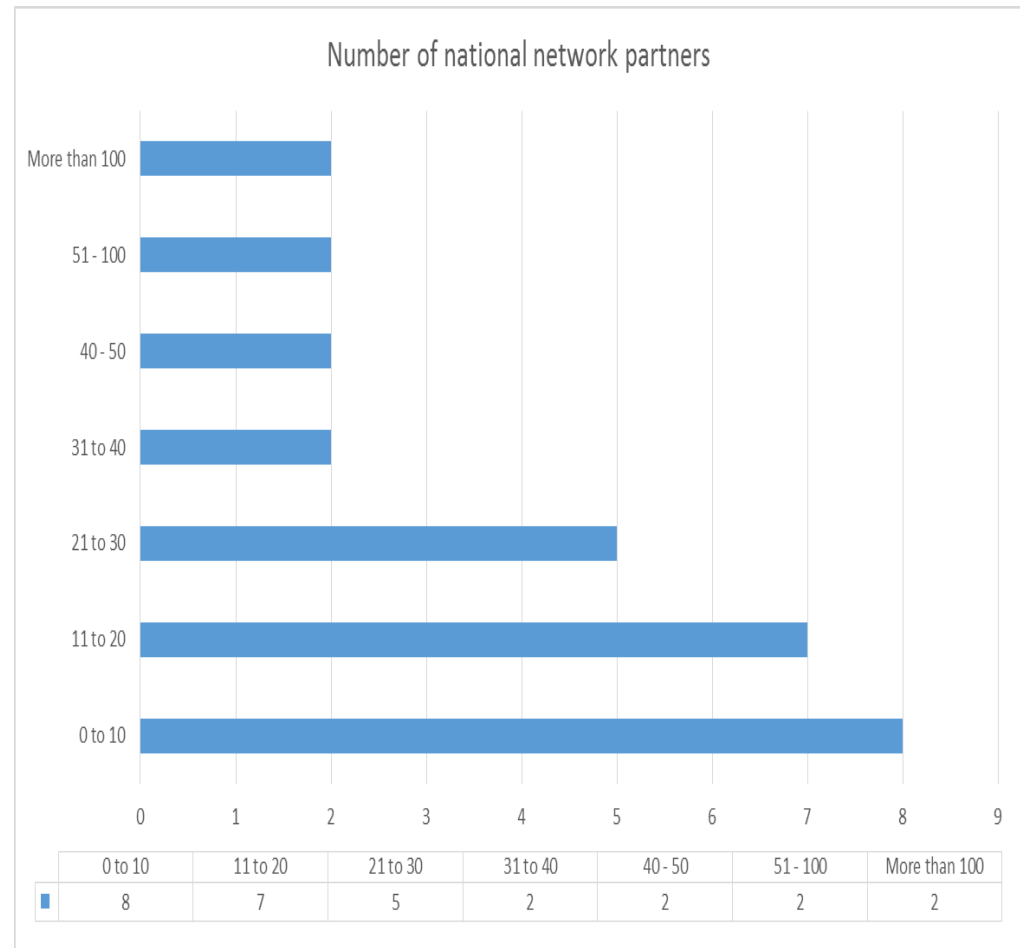

- NB focal points are not comparable – national situations and structures vary considerably

Number of network partners

AMP 2016

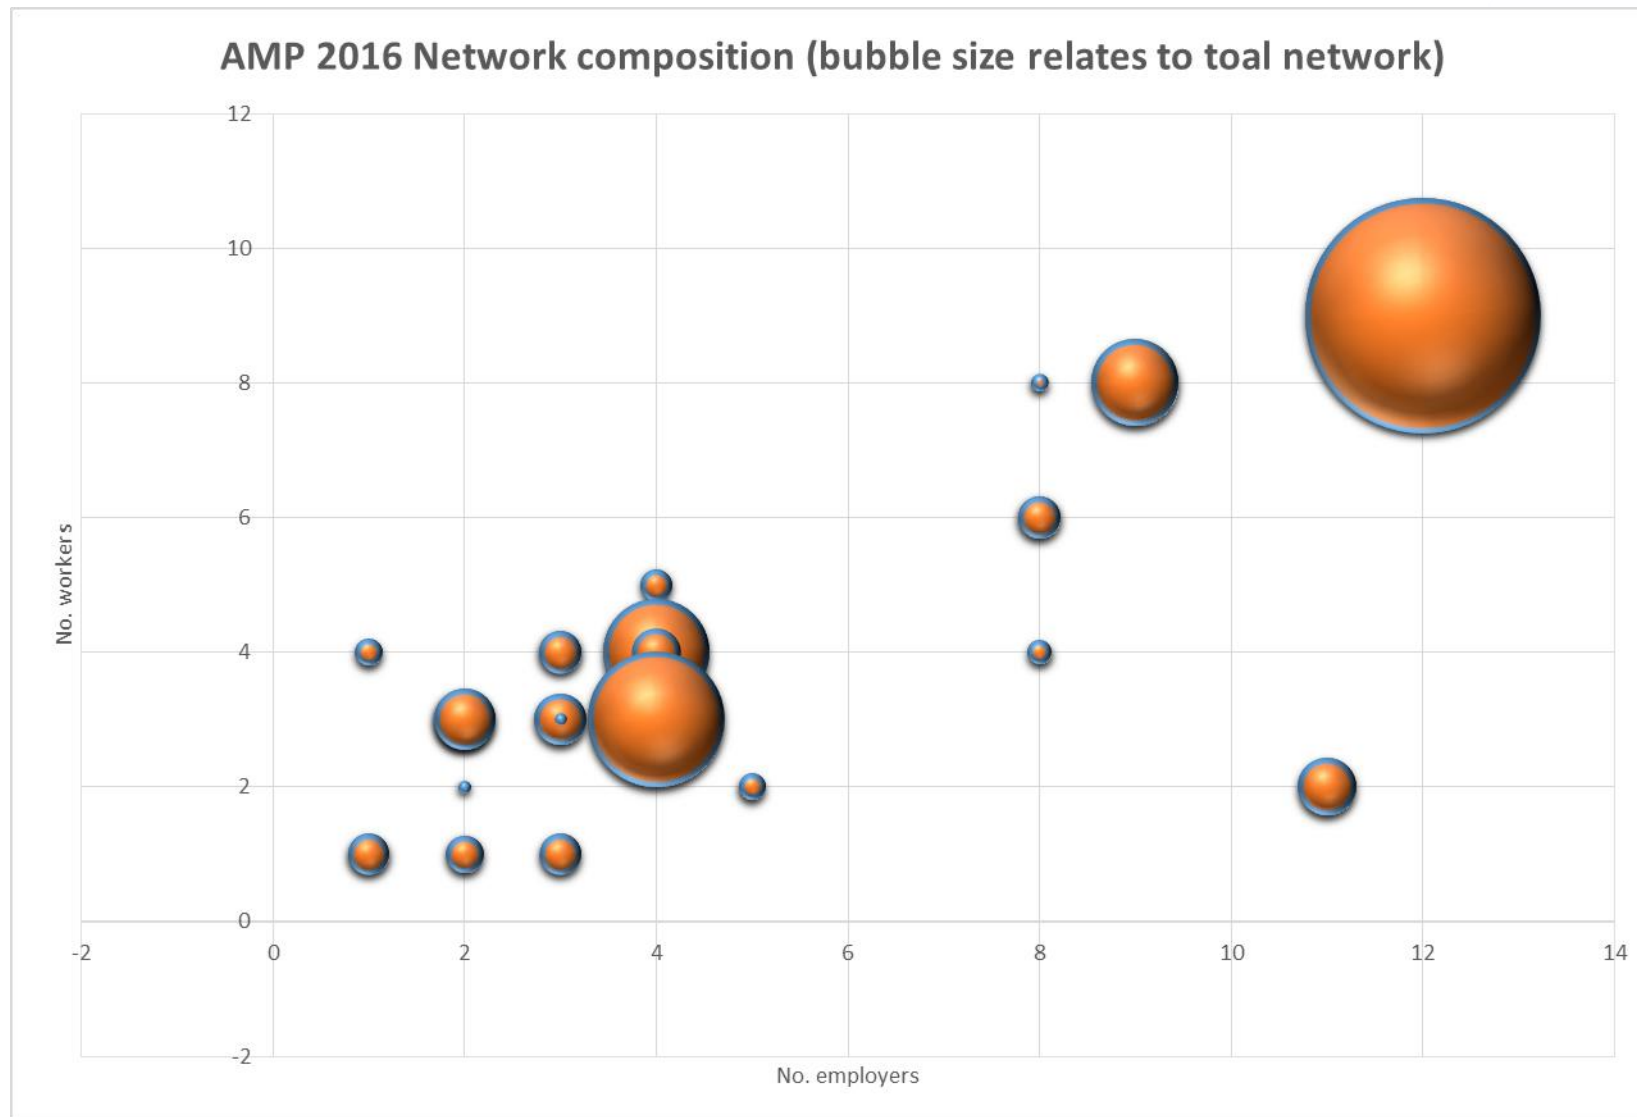

AMP 2015

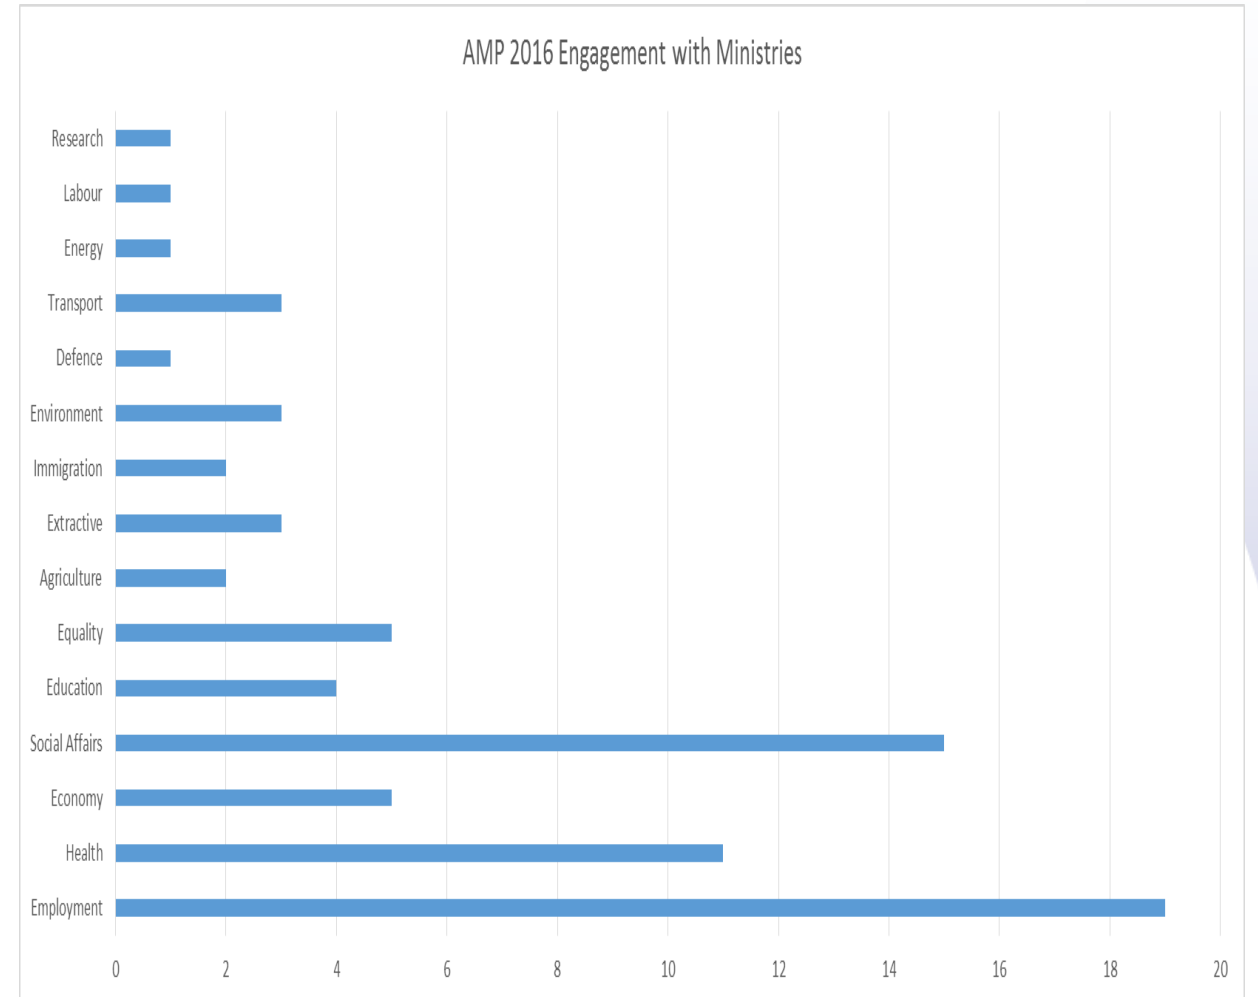

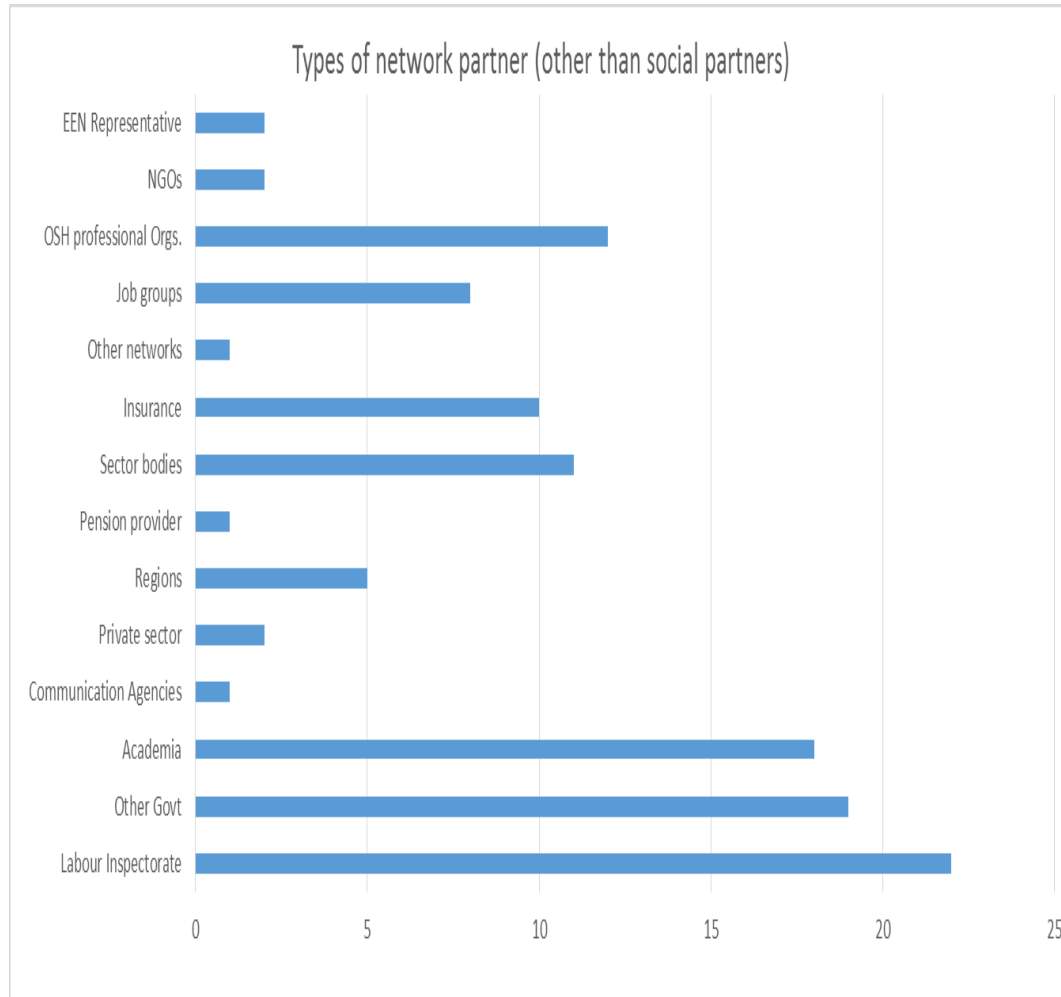

Social partners in the network

- **On average, slightly more employer social partners than worker social partners in group**
 - Ratio of about 4 to 3)
- **Pattern is coherent regardless of network size**

Other National Focal Point Network Partners (consistent with 2015)

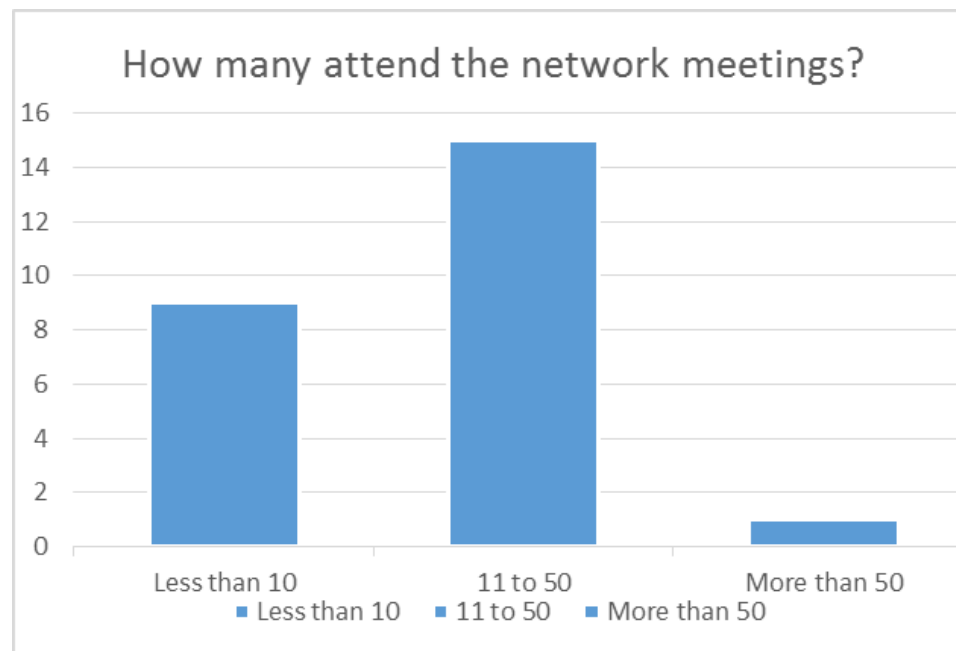

Network meetings

AMP 2016 Number of network meetings

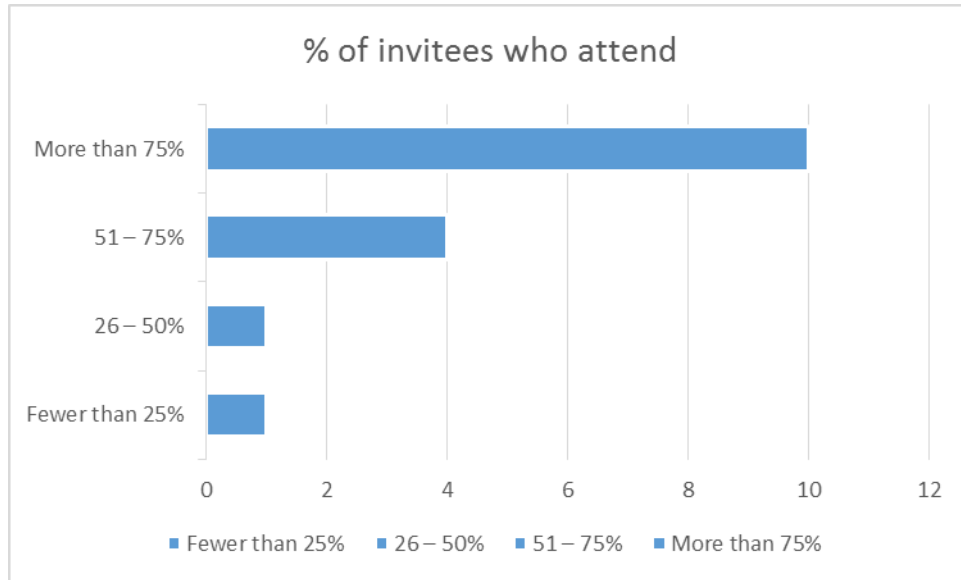

How many attend the network meetings?

Response rate for meetings

Response rate 2016

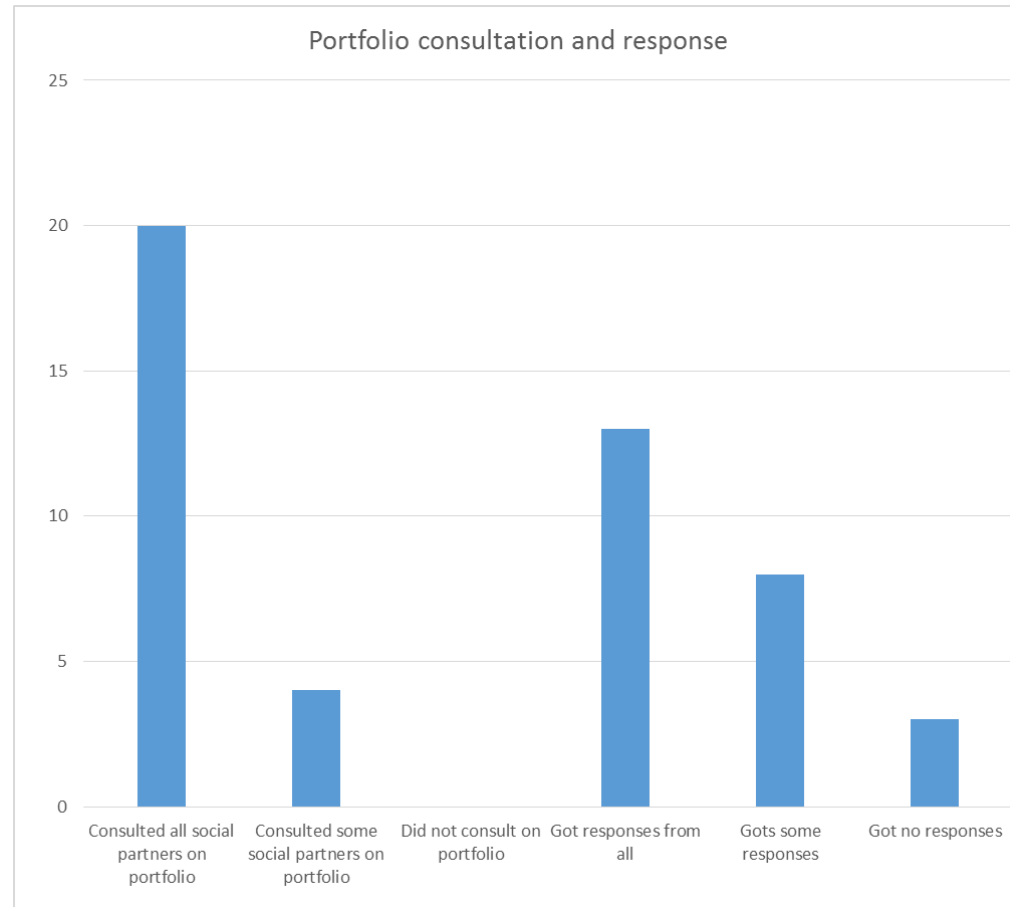

Response rate 2015

Percentage of those invited who attend

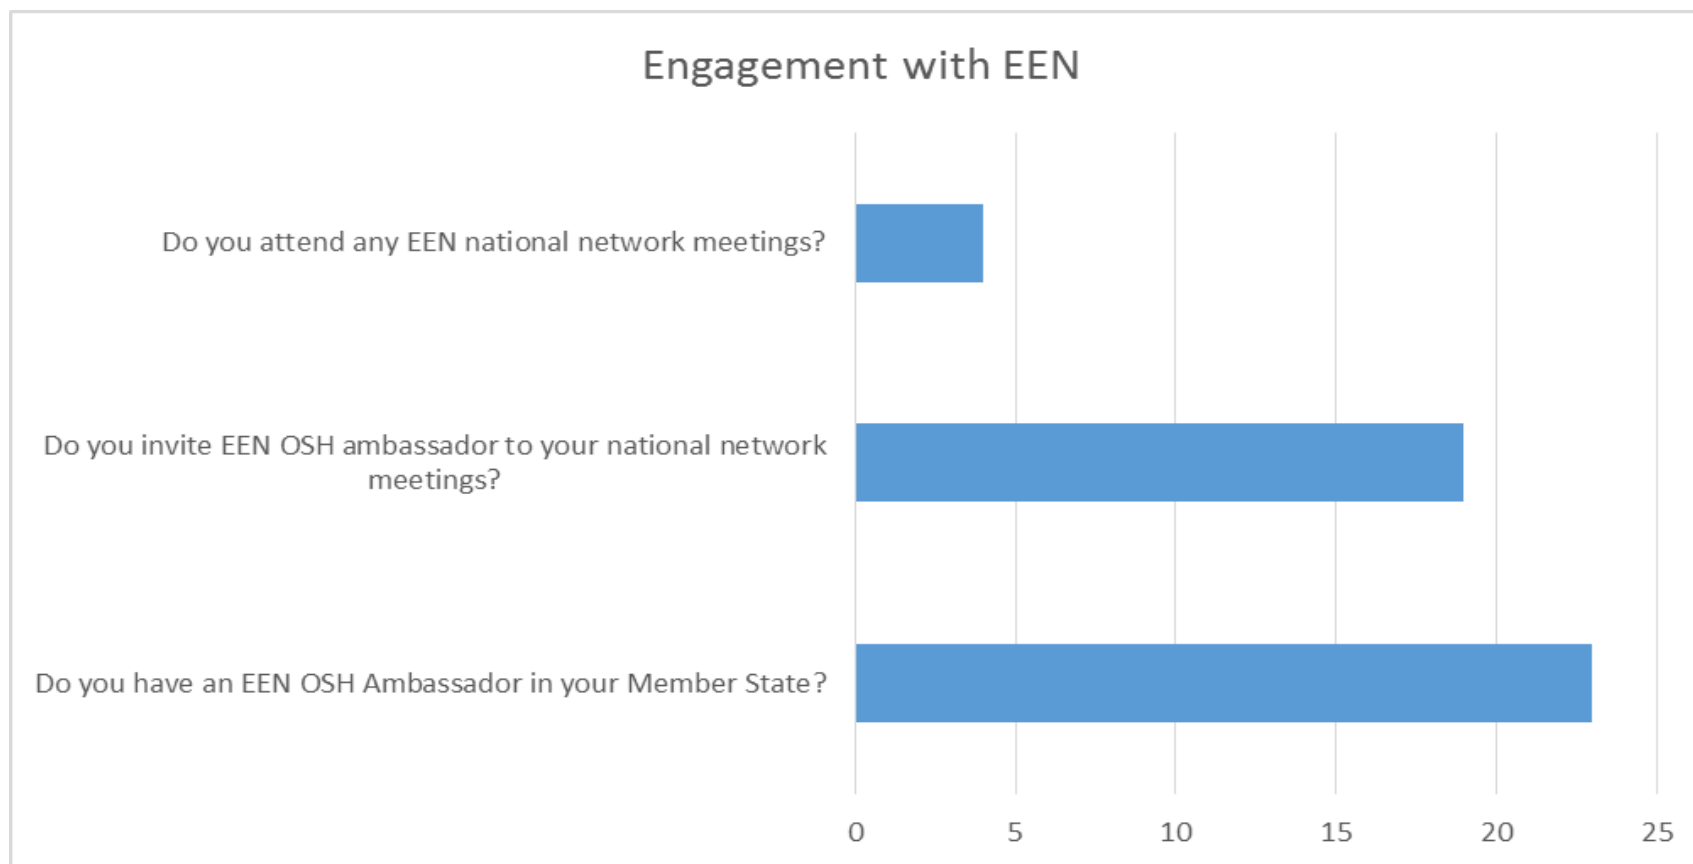

Board engagement at network meetings and portfolio consultation

Both demonstrate same pattern as 2015

Engagement with EEN

Now there is a separate survey regarding EEN so these questions will be removed from the survey

More states report having OSH ambassador than in previous year

Thank you
